

How to Start a Meetup Group

1.) ESTABLISH AN ACCOUNT

Establish an account with Meetup at www.meetup.com, this will enable you to easily work with other meetup groups in our network

2.) CHOOSE A PLAN

As an organizer, Meetup charges a monthly fee, discounted when paid for the year. Choose the plan that meets your groups needs.

3.) DETERMINE IF YOU WILL CHARGE A FEE

Some groups charge a nominal fee to their members. You will need to determine if charging a fee may prevent folks from becoming members.
